

An update from Ray & Dee Stegeman – September 2018

All the blue you see are tarp tents put up by visiting church campers

Hi all!

We wanted to share with you what greeted us upon arrival here in Ukarumpa: singing, praying, preaching – all on loudspeaker. A 2-week church “camp” gathering drawing 5,000 or so PNGn Christians from all over the country. It is hard to follow God’s ways in this country, and national Christians are so encouraged by meeting in large numbers. Our Center was able to help them with clean drinking water and a public-speaking system to make their gathering a bit more convenient. We had rain almost every day, but it didn’t seem to dampen their enthusiasm a bit. May God be glorified.

Ray and Dee

Ray’s course starts this week. He’d be grateful for your prayers!
